

Shadia Hrichi *Speaker, Author*

Who would name their child “Nameless?” *I did.*

As a scared, pregnant 15-year old girl, I believed the child living within me was nothing but a lifeless mass. Twenty-five years later, I came face to face with a scar hidden so deep, it would take a miracle to bring it to the surface . . .

Nameless No More is a true story of the miraculous encounter I experienced at a post-abortion recovery retreat which paved the road towards forgiveness, healing and ultimately, true freedom.

“One of the best post-abortion personal stories I’ve read and I’ve read a lot of them.”
Georgette Forney, President of Anglicans for Life and Co-founder of Silent No More

“Nameless No More is hard to put down! It is wonderfully written and as one who chose abortion in my early twenties, I could truly relate to the authenticity of your story. I know the Lord is going to touch many hearts through your story!”
